

For video show of Acculine China sheet metal deep drawing production, please visit

<http://youtu.be/wCiKdHMDbEo>

Acculine Precision Manufacturing Company(www.acculine-mfg.com) is a Chinese professional supplier of custom mechanical component parts including aluminum die casting, zinc die casting, precision machining, sheet metal stamping, sheet metal punching, sheet metal deep drawing, plastic injection, metal sintering and plastic sintering, etc.

Stamping includes a variety of sheet-metal forming manufacturing processes, such as punching using a machine press or stamping press, blanking, embossing, bending, flanging, and coining. This could be a single stage operation where every stroke of the press produce the desired form on the sheet metal part, or could occur through a series of stages. The process is usually carried out on sheet metal, but can also be used on other materials, such as polystyrene.

Machining Sub-Processes operated

blanking, deep drawing, bending, punching, piercing, stamping press, progressive stamping, and simple assemblies.

Materials used

Aluminum alloy, copper alloy, carbon steel, stainless steel

Industries served

automotive, aerospace, home appliance, power & hand tools, pumps valves , filtration and separation, medical, food, chemical, oil, refinery, sports vehicles, etc.

Acculine Precision Manufacturing Company

Room306, Bldg#22, Yaduxincun District

888# Yinxiandadao Ave West, Ningbo

Zhejiang Province, 315153, P.R.China
